### DETAILED ACTION

This office action is a response to the restriction requirement filed on 8/4/2004.

#### ***Response to the Restriction Requirement***

1. Applicant's election of Group I, claims 12-17, 38-111 and 132-205, in the reply filed on 8/4/2004 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

2. Claims 18-37, 112-131, and 206-209 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 8/4/2004.

1. Upon further consideration, Group I contains claims directed to the following patentably distinct species of the claimed invention:

Species A, drawn to Figs. 11A-11F.

Species B, drawn to Figs. 13A-13F.

Species C, drawn to Figs. 15A-15E.

Species D, drawn to Figs. 16A-16E.

Species E, drawn to Figs. 17A-17E.

Species F, drawn to Figs. 19A-19J.

Species G, drawn to Figs. 21A-21H.

Species H, drawn to Figs. 22A-22H.

Species I, drawn to Figs. 23A-23H.

Species J, drawn to Figs. 24A-24F.

Species K, drawn to Figs. 25A-25H.

Species L, drawn to Fig. 26.

Species M, drawn to Figs. 27A-27F.

Species N, drawn to Fig. 28A.

Species O, drawn to Fig. 36.

Species P, drawn to Figs. 37A-37D.

Species Q, drawn to Figs. 41A-41E.

Species R, drawn to Figs. 44A-44G.

Species S, drawn to Figs. 45A-45H.

Species T, drawn to Figs. 47A-47H.

Species U, drawn to Figs. 48A-48H.

Species V, drawn to Figs. 49A-49BF.

Species W, drawn to Fig. 50.

Species X, drawn to Figs. 51A-51B.

Species Y, drawn to Figs. 53A-53B.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, there is no generic claim.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

2. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
3. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim

remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul D Kim whose telephone number is 571-272-4565. The examiner can normally be reached on Monday-Friday between 8:00 AM to 4:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Peter Vo can be reached on 571-272-4690. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
